Good morning, (b) (6).

The comments submitted on this study are currently being reviewed and addressed.

A summary of the comments will be included in the final report, which is anticipated to be posted in late summer 2023/fourth quarter of federal fiscal year 2023, after it has gone through necessary internal and partnership reviews.

When, and where, can I find the comments submitted on the proposed Belle Haven floodwall? I submitted this email request asking about the comments some time ago but never received a response.
